EXHIBIT INDEX

Exhibit 99.1 – Press release

Exhibit 99.2 – Press release

Exhibit 99.3 – Press release

NQ Mobile Inc. enters into a binding agreement to sell FL Mobile Inc.

BEIJING and DALLAS, Aug. 26, 2015 /PRNewswire/ — NQ Mobile Inc. (“NQ Mobile” or the “Company”) (NYSE: NQ), a leading global provider of mobile Internet services, today announced it has entered into a legally binding framework agreement (the “FL Framework Agreement”) with Beijing Jinxing Rongda Investment Management Co. Ltd., a subsidiary of Tsinghua Holdings Co., Ltd and an independent third party, to sell the Company’s entire stake in FL Mobile Inc., NQ Mobile’s majority owned Cayman Islands subsidiary (the “FL Divestment”).

Pursuant to the FL Framework Agreement, the Company, along with the other existing shareholders of FL Mobile Inc. (the “Existing FL Shareholders”), have agreed to sell to Beijing Jinxing the entire stake in FL Mobile Inc. that they currently hold for no less than RMB 4 billion (or approximately no less than US \$626 million)[1], with the final price being subject to the valuation of an independent third party valuer.

After evaluating the benefits of this transaction to the Company and its shareholders, NQ’s board of directors approved the FL Framework Agreement and the FL Divestment. The Existing FL Shareholders and Beijing Jinxing agreed to an exclusivity period of 180 days and the Existing FL Shareholders agreed to terminate any ongoing discussions regarding any other contemplated transactions involving FL Mobile Inc., including those between NQ Mobile and Tack Fiori International Group Limited (“Tack Fiori”), within 10 days of entering the FL Framework Agreement. However, the Company and Tack Fiori continue to explore other strategic opportunities and alternatives to cooperate. The completion of the contemplated FL Divestment is subject to negotiations among the parties regarding the detailed deal structure, the signing of a definitive purchase agreement and the fulfilling of certain customary closing conditions contained therein.

NQ Mobile Inc. enters into a binding agreement to sell NationSky

BEIJING and DALLAS, Aug. 26, 2015 /PRNewswire/ — NQ Mobile Inc. (“NQ Mobile” or the “Company”) (NYSE: NQ), a leading global provider of mobile Internet services, today announced it has entered into legally binding share purchase agreements (the “NationSky Agreements”), which provide for the sale of all of NQ Mobile’s interest in the NationSky business (“NationSky Divestment”), including the entire interest in Beijing NationSky Network Technology Co., Ltd., to Mr. Hou Shuli, a founder and senior management member of Beijing NationSky, for an aggregate consideration of US \$80 million cash.

The NationSky business provides device agnostic managed mobile services, mobile device management services and other mobile SaaS offerings to enterprises. The Company’s board of directors and audit committee approved the NationSky Agreements and the NationSky Divestment. Pursuant to the NationSky Agreements, approximately US\$16 million of the total purchase price shall be delivered to the Company within ten business days of the NationSky Agreements, and approximately US\$48 million shall be paid to the Company by September 30, 2015, while the remaining US\$16 million shall be paid by December 31, 2015. The NationSky Divestment is expected to close within 60 days.

**NQ Mobile Inc. Reports Unaudited Financial Results
For the Quarter Ended June 30th, 2015**

BEIJING and DALLAS, August 26, 2015 /PRNewswire/ - NQ Mobile Inc. (“NQ Mobile” or the “Company”) (NYSE: NQ), a leading global provider of mobile internet services, today announced its unaudited financial results for the quarter ended June 30th, 2015.

Highlights for Second Quarter 2015

- Quarterly Net Revenues were \$102.1 million in the second quarter of 2015, a 25.0% increase year-over-year from \$81.6 million in the same period in 2014, a new record level for the Company.
- Gross Margin was 24.8% in the second quarter of 2015, compared with 21.0% in the first quarter of 2015. Non-GAAP Operating Margin was 5.1% in the second quarter of 2015, up from negative 1.8% in the first quarter of 2015.
- Net Loss attributable to NQ Mobile was \$1.6 million, or a loss of \$0.02 per ADS, in the second quarter of 2015, a 90.2% improvement compared with a net loss of \$16.8 million, or a loss of \$0.22 per ADS, in the same period in 2014.
- Non-GAAP Net Income attributable to NQ Mobile was \$7.0 million, or \$0.08 per ADS in the second quarter of 2015, compared with Non-GAAP net income of \$14.8 million, or \$0.20 per ADS, in the same period in 2014.
- Total Share Based Compensation Expenses fell to \$1.1 million, a 95.6% decline year-over-year from \$25.4 million in the same period in 2014.

Operating Metrics as of June 30, 2015

As a reminder, beginning in the third quarter of 2014, the Company began presenting the operating metrics of average monthly active user accounts (“MAUs”) as redefined to include many emerging businesses previously not included in the Company’s user account metrics. The MAUs presented herein include the user accounts in all the related business segments. As such, the MAUs presented herein should only be compared to operating metrics in the third quarter of 2014 and thereafter and not be compared to operating metrics in earlier historical periods, because there is not a way to accurately compare such results. The MAUs for the period presented herein and going forward are expected to be better aligned with the key underlying trends of a mobile internet platform company focused on driving mobile consumer traffic and engagement that can be monetized. The MAU statistics do not include the users addressed by the installation of the Company’s advertising SDK into third-party applications. These indirect users generate impressions and search traffic that the Company can monetize outside of the user accounts generated directly by the Company’s own portfolio of products and applications.

Average Monthly Active User Accounts as of June 30, 2015: 188.2 million.

“We are encouraged to see solid improvement in the second quarter of 2015,” said Mr. Zemin Xu, CEO of NQ Mobile, “The management team remains committed to executing our business strategies, with great efforts in the monetization of our traffic-based mobile entertainment businesses, in order to achieve sustainable growth.”

“Our topline growth remains strong and we, by executing our business strategies, started to see improvement in our profitability this past quarter. We are confident about our future growth and will maintain our focus on executing and delivering results.” commented Mr. Roland Wu, CFO of NQ Mobile.

Second Quarter 2015 Results

Revenues

Net revenues in the second quarter of 2015 increased 25.0% year-over-year to \$102.1 million from \$81.6 million in the same period in 2014.

Mobile value added service revenues increased 8.2% year-over-year to \$31.7 million from \$29.2 million in the same period in 2014. The increase in mobile value added service revenues was primarily attributable to the growth in live mobile social video platform revenues and mobile gaming revenues. The significant increase in social video platform revenues was driven by the rapid growth of the business of Showself. And the increase in mobile gaming revenues was primarily the result of the continuing expansion of FL Mobile's business in both domestic and overseas markets, which grew 10.0% year-over-year from the same period in 2014. Meanwhile, consumer mobile security revenues decreased mainly because the Company has been moving its focus away from premium security services and focusing more on mobile applications and services.

Advertising revenues increased 6.1% year-over-year to \$16.2 million from \$15.3 million in the same period in 2014. The growth was primarily due to increased monetization through advertising and successful third party application referrals resulting mainly from WAPS and Fanyue, the Company's online and offline advertising networks.

Enterprise mobility revenues increased 48.1% year-over-year to \$52.8 million from \$35.6 million in the same period in 2014. The growth was primarily driven by the significant demand for Apple products, along with an increase in the sales of enterprise mobility software with more distribution channels which were being developed in the second quarter of 2015.

Other revenues decreased 2.5% year-over-year to \$1.4 million from \$1.5 million in the same period in 2014. Other revenues are generated primarily by providing technical contract services to third parties and fluctuate as such business is driven by individual projects.

Cost of Revenues

Cost of revenues in the second quarter of 2015 increased 41.0% year-over-year to \$76.8 million from \$54.5 million in the same period in 2014. The year-over-year increase was primarily due to higher cost of products sold for the enterprise mobility business, which totaled \$46.1 million in the second quarter of 2015 compared to \$32.7 million in the same period last year. In addition, the cost of revenue sharing, which is incurred mainly for the Company's mobile game business and live mobile social video platform, increased to \$10.8 million in the second quarter of 2015 compared to \$4.6 million in the same period last year.

Gross Profit and Gross Margin

Gross profit in the second quarter of 2015 decreased 6.9% to \$25.3 million from \$27.2 million in the same period in 2014. Gross margin, or gross profit as a percentage of net revenues, was 24.8% in the second quarter of 2015, compared with 33.3% in the same period in 2014. Excluding the impact from hardware sales of the enterprise mobility business and associated costs, gross margin was 44.6% in the second quarter of 2015, down from 55.2% in the same period in 2014.

Operating Expenses

Total operating expenses in the second quarter of 2015 decreased 52.2% year-over-year to \$23.9 million from \$49.9 million in the same period in 2014. Non-GAAP operating expenses, which exclude share-based compensation, the expenses incurred for the handling of short seller allegations and the amortization of intangible assets arising from acquisitions, decreased by 2.9% year-over-year to \$21.9 million from \$22.5 million in the same period in 2014.

Selling and marketing expenses in the second quarter of 2015 decreased 17.1% year-over-year to \$6.7 million from \$8.1 million in the same period in 2014. Non-GAAP selling and marketing expenses, which exclude share-based compensation, decreased 18.8% year-over-year to \$6.3 million from \$7.8 million in the same period in 2014. The year-over-year decrease in selling and marketing expenses mainly resulted from the decrease in spending on the promotional channels for mobile games due to later launch of games in this quarter, as well as less expenditure on the consumer mobile security business.

General and administrative expenses in the second quarter of 2015 decreased 70.6% year-over-year to \$10.6 million from \$35.9 million in the same period in 2014. Non-GAAP general and administrative expenses, which exclude share-based compensation, the expenses incurred for the handling of short seller allegations and amortization of intangible assets arising from acquisitions, decreased 6.9% year-over-year to \$8.5 million from \$9.1 million in the same period in 2014. The year-over-year decrease in general and administrative expenses under GAAP was mainly from a significant \$23.6 million decrease in compensation expenses, as well as a large decrease in the provision of bad debt expenses.

Research and development expenses in the second quarter of 2015 increased 11.6% year-over-year to \$6.6 million from \$5.9 million in the same period in 2014. Non-GAAP research and development expenses, which exclude share-based compensation and amortization of intangible assets arising from acquisitions, increased 25.5% to \$7.1 million from \$5.6 million in the same period in 2014. The year-over-year increase in research and development expenses was primarily due to the increase in the expenditures on software development, mainly including staff costs, as a result of business expansion.

Share-based compensation expenses

Share-based compensation expenses, which were allocated to related operating cost and expenses line items, declined to \$1.1 million in the second quarter of 2015, a decrease of 95.6% from \$25.4 million in the corresponding period in 2014. The significant decrease in share-based compensation expenses was primarily due to the one-off reversal of the unvested share options related to the departure of a former executive and less equity incentives issued to the Company's acquirees.

Income/Loss from Operations and Operating Margin

Income from operations in the second quarter of 2015 was \$1.4 million, compared with an operating loss of \$22.8 million in the same period in 2014.

Non-GAAP income from operations, which excludes share-based compensation, the expenses incurred for the handling of short seller allegations and amortization of intangible assets arising from acquisitions, was \$5.2 million in the second quarter of 2015, compared with an income of \$6.5 million in the same period in 2014. Non-GAAP operating margin, or non-GAAP income from operations as a percentage of net revenues, was 5.1% in the second quarter of 2015, compared with 8.0% in the same quarter in 2014. The decrease in non-GAAP operating margin was mainly due to the decline in gross margin, which was the result of the rapid market growth of the enterprise mobility business with lower gross margin.

Foreign Exchange Gain/Loss, Interest Expenses and Other Income

Foreign exchange gain was \$0.7 million in the second quarter of 2015, compared with a loss of \$0.04 million in the same quarter of the previous year, which was affected by a fluctuation in foreign exchange rates. Interest expenses were \$1.1 million in the second quarter of 2015, compared with \$1.4 million in the same quarter of the previous year. Interest expenses were primarily derived from interest expense related to convertible debt, offset by the interest income from certain term deposits.

Income Tax

Income tax expense was \$0.4 million in the second quarter of 2015, compared with an income tax expense of \$1.7 million in the same period in 2014.

Net Loss/Income

Net Loss attributable to NQ Mobile was \$1.6 million in the second quarter of 2015, compared with net loss of \$16.8 million in the same period in 2014. Non-GAAP net income attributable to NQ Mobile, which excludes share-based compensation, the expenses incurred for the handling of short seller allegations, interest expenses related to convertible debt, amortization of intangible assets arising from acquisition and impairment loss arising from acquisitions, was \$7.0 million in the second quarter of 2015, compared with net income of \$14.8 million in the same period in 2014.

Cash and Cash Equivalents, Term Deposits and Restricted Cash

Cash and cash equivalents, term deposits and restricted cash together amounted to \$239.4 million as of June 30, 2015.

Cash Flow

Net Cash used in operations in the second quarter of 2015 was \$14.7 million.

Other Significant Events

Below please find a summary of certain significant events that took place during the period from May 19, 2015, the date of the Company's last earnings release, through August 26, 2015.

Appointment of Mr. Roland Wu as Chief Financial Officer

As previously announced, on June 1, 2015, the Company appointed Mr. Roland Wu as its Chief Financial Officer, effective as of that date. With Mr. Wu's appointment, Dr. Vincent Shi stepped down as the acting Chief Financial Officer of NQ Mobile and is now focusing on his responsibilities as Chairman of the board of directors and Chief Operating Officer of the Company.

NQ Mobile enters into a binding agreement to sell FL Mobile

In a press release on August 26, 2015, the Company announced that it entered into a legally binding framework agreement (the "FL Framework Agreement") with Beijing Jinxing Ronda Investment Management Co. Ltd. ("Beijing Jinxing"), a subsidiary of Tsinghua Holdings Co., Ltd and an independent third party, to sell the Company's entire stake in FL Mobile Inc., NQ Mobile's majority owned Cayman Islands subsidiary (the "FL Divestment"). The Company and other existing shareholders of FL Mobile Inc. have agreed to sell to Beijing Jinxing the entire stake in FL Mobile Inc. that they currently hold for no less than RMB 4 billion (or approximately no less than US \$626 million).

NQ Mobile Inc. enters into a binding agreement to sell NationSky

In a press release on August 26, 2015, the Company announced that it entered into legally binding share purchase agreements, which provide for the sale of all of NQ Mobile's interests in the NationSky business (the "NationSky Divestment"), including the entire interest in Beijing NationSky Network Technology Co., Ltd. ("Beijing NationSky") to Mr. Hou Shuli, a founder and senior management member of Beijing NationSky, for an aggregate consideration of US \$80 million cash.

NQ Mobile Share Repurchase

As previously announced, on December 23, 2014, the Board authorized the Company to repurchase up to \$80 million of its shares on the open market, in privately negotiated transactions, in block trades and/or through other legally permissible means, depending on market conditions and in accordance with applicable rules and regulation, over the next 12 months. To date, NQ Mobile has repurchased \$12.6 million worth of shares on the open market, or a total of approximately 2.9 million ADSs. As of August 26, 2015, \$67.4 million remains available for further repurchases under the \$80 million authorized share repurchase program.

Business Outlook

The Company expects net revenues to be in the range of \$455.0 million to \$460.0 million for the full year 2015, representing a 36.9% to 38.4% year-over-year increase. Net revenues for the third quarter of 2015 are expected to be in the range of \$110.0 million to \$112.0 million, representing a 35.5% to 37.9% year-over-year increase. This outlook includes net revenue expectations for FL Mobile and NationSky and is subject to change based upon the timing of the closing of the announced FL Divestment and NationSky Divestment.

Conference Call Information

NQ Mobile's management team will hold an earnings conference call to discuss its results and outlook at 8:30 PM U.S. Eastern Time on Wednesday, August 26, 2015, (8:30 AM Beijing/Hong Kong Time on Thursday, August 27, 2015).

The dial-in details for the conference call are:

About NQ Mobile

NQ Mobile Inc. (NYSE: NQ) is a leading global provider of consumer and enterprise mobile internet services. NQ Mobile's portfolio of offerings includes mobile security and productivity, mobile search, mobile games and advertising applications for the consumer market and consulting, mobile platforms, and mobility management services for the enterprise market. NQ Mobile maintains dual headquarters in Dallas, Texas, USA and Beijing, China. For more information on NQ Mobile, please visit <http://www.nq.com>.

Non-GAAP Financial Measures

To supplement the Company's financial results prepared in accordance with United States Generally Accepted Accounting Principles ("GAAP"), NQ Mobile's management uses non-GAAP measures of cost of revenues, operating expenses, income from operations and net income attributable to NQ Mobile, which are adjusted from results based on GAAP to exclude share-based compensation expenses, expenses related to the handling of short seller allegations, interest expenses related to convertible debt, amortization of intangible assets arising from acquisitions and impairment loss arising from acquisitions. The Company also uses non-GAAP fully diluted earnings per ADS, which is the non-GAAP net income attributable to common shareholders divided by weighted average number of diluted ADS.

The Company's non-GAAP financial information is provided as additional information to help the Company's investors compare business trends among different reporting periods on a consistent basis and to enhance investors' overall understanding of the historical and current financial performance of the Company's continuing operations and its prospects for the future. The Company's non-GAAP financial information should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for, or superior to, GAAP results. In addition, the Company's calculation of this non-GAAP financial information may be different from the calculation used by other companies, and therefore comparability may be limited.

The non-GAAP financial measures are provided to enhance investors' overall understanding of NQ Mobile's current financial performance and prospects for the future. A limitation of using non-GAAP cost of revenues, operating expenses, income from operations and net income attributable to NQ Mobile, excluding share-based compensation expenses, expenses related to the handling of short seller allegations, interest expenses related to convertible debt, amortization of intangible assets arising from acquisitions and impairment loss arising from acquisitions, are that these items has been and may continue to be a significant expense in the Company's business for the foreseeable future. In order to mitigate these limitations the Company has provided specific information regarding the GAAP amounts excluded from each non-GAAP measure. The accompanying tables include details on the reconciliation between GAAP financial measures that are most directly comparable to the non-GAAP financial measures the Company has presented.

Forward Looking Statements

This news release contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and as defined in the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as "will," "expects," "anticipates," "future," "intends," "plans," "believes," "estimates" and similar statements. All statements other than statements of historical fact in this press release are forward-looking statements and involve certain risks and uncertainties that could cause actual results to differ materially from those in the forward-looking statements. These forward-looking statements are based on management's current expectations, assumptions, estimates and projections about the Company and the industry in which the Company operates, but involve a number of unknown risks and uncertainties. Further information regarding these and other risks is included in the Company's filings with the U.S. Securities and Exchange Commission. The Company undertakes no obligation to update forward-looking statements to reflect subsequent occurring events or circumstances, or changes in its expectations, except as may be required by law. Although the Company believes that the expectations expressed in these forward looking statements are reasonable, it cannot assure you that such expectations will turn out to be correct, and actual results may differ materially from the anticipated results. You are urged to consider these factors carefully in evaluating the forward-looking statements contained herein and are cautioned not to place undue reliance on such forward-looking statements, which are qualified in their entirety by these cautionary statements.
